Suggestions for Improvement:	I appreciate most how you provide the variety of elements for instructional strategies. Your learners have several opportunities to review and practice the information. Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	I enjoyed watching you use your knowledge of teaching and putting it to action. My only suggestion to you is to share your knowledge more openly with peers and colleagues. Don't sell yourself short by being too much of an introvert when an administrator is looking for teachers to hire. Your skills will only grow from here. Block II will provide you even more opportunity to polish your skills and come out of your shell a bit.
